**RE: REACH Alignment on Use**

Dear *Customer*:

As of April 1, 2010, Chemservice S.A. took over the responsibilities as Ergon's "Only Representative". As this was an amicable transition between our former OR and Chemservice, we have had no loss of data and have lost no momentum in our path to the November 2010 Registration deadline.

Should you wish to contact Chemservice, our project manager is Mr. Brice Marchal and you may reach him via e-mail at [b.marchal@chemservice-group.com](mailto:b.marchal@chemservice-group.com).

If you have additional questions corresponding to the project or the future activities regarding REACH, please contact one of the following persons:

Thank you for your help in this matter.
